WORLD FLIGHT DELAYED-LOST

Landing Made Forced By Flagship as Engine Balks

Washington, April 17-Leaving their leader, Major Frederick L. Marin, with a damaged plane, at Chignik, the three other round the world airplanes will leave during the day for Dutch Harbor, Alaska, according to an announcement at the war department. They are expected to wait at Dutch Harbor for Martin to rejoin them, after having necessary repairs made at Chignik.

Seward, Alaska, April 17-The American round-the-world gight, probably will be delayed a week as a result of the forced landing in Portage Bay by the flagship Seattle, in, according to advices today from Kanatka where the destroyer Hull proceeded with Major Martin, his mechanic, Sergeant Harvey, and the plane after picking them up yester-

A new motor is being rushed from utch Harbor to replace the defectone in the Seattle. As soon as can be made, Major Martin fly to Chignik, where the other planes of the globe-circling on landed safely Monday. Ir Martin and his mechanic

one the worse for their ex-The Seattle made a pernding in Portage Bay when down and there in comparai shelter, awaiting the arrival of rescue boats.

Kanatka, where Major Martin will up following the discovery of oil. Martin's plane was plainly in trouble. He did not succeed in getting away until fifteen minutes after the other planes had taken off. His engine was turning only about 1,500 revolutions and he apparently could reach no great height from the water as when last seen here his plane was only about 200 feet in years.

He did not depart from here alone, however, plane number 2. FRENCH POINT OUT joining him at the mouth of the bay. The steamer Star sighted the Seattle and companion plane passing Chufacis island near the mouth of Cook

Major Martin continued with the squadron until Kanatka was reached and, then realizing it would be impossible to negotiate the entire trip to Chiguick sought a state landing.

The weather was excellent, light southerly winds being the only atmospheric disturbance here.

A hole in the crank case of the big engine is believed to have caused the engine trouble by Major Martin and his mechanic. A thorough examination was being made today of the engine and plane at Kanatka. The three companion planes of the Seattle at Chignik had re-fueled and were preparing to start an air search for their commander when word of his rescue was flashed by radio.

When he returned from France, where he had served in the French aviation corps, Otto Young Heyworth, of Chicago, heir to several million-dollar estates, including the \$16,000,000 estate of his grandfather, the late Otto Young, met Helen Marie Patterson, a young actress, and married her within six months. They were soon divorced and Mrs. Heyworth went to Paris to live. During a gay New Year's party she fell from a hotel window. While in a hospital her constant visitor was Harry Hussey, an American, to whom she became engaged. Then a New York detective, in Paris on another case, arrested "Hussey" as "Rats" Tourbillon, alleged international crook, wanted in New York for

Believe Coolidge Will Not Veto Exclusion Bill passed by Congress

Tokio, April 17-"Ambassador Hanihara's work is done. Unquestionably he will not stay in Washington following a settlement of the pending immigration question."

This was the general opinion expressed in Tokio today despite denials of the foreign office that his recall was likely. The foreign office is apparently determined to keep Hanihara in Washington until approval or disapproval of the Japanese immigration exclusion bill when it is understood Hanihara will announce he doesn't desire to remain longer

Washington, April 17-The Japanese government will shortly find an opportunity to formally assure the United States that the term "grave consequences" used in Ambassador Hanihara's letter to Secretary of State Hughes was not intended as a threat despite interpretation placed on the phrase by the senate in passing the

Whether this assurance will come in Tokio, or merely by another letter They are Nick Sinkowicz, 23; Roy to Mr. Hughes from Ambassador Hanihara here was not made clear today, The men had guns and \$9,000 on but it was said that further correswhat is described in diplomatic circles as an unfortunate phrase, resulting in an equally unfortunate inci-

It is unlikely that whatever explanations are forthcoming from the Japanese foreign office will have any effect in removing the ban on Japanese immigrants in the new immigration The temper of congress and particu-

larly the senate toward the exclusion Boston, April 17-The American of Japanese was strikingly manifested electorate has never yet failed to re- by the 71 to 4 vote by which the senbuke studied efforts to besmirch an ate ratified the amendment. CAR STOLEN BUT RECOVERED SHORTLY

A Studebaker sedan, stolen from the garage of J. Walker Gibney, 510 North Galloway Street, was recovered by police Thursday morning where it had been abandoned in front of the home of Patrolman Charles Simms, 525 East Church

The machine was taken at two clock Thursday morning and Mr. Gibney was awakened by the noise of it being removed from the garage. He saw it speeding down the alley and notified police. Officers scoured the city in the police car. A woman living next door to Patrolman Simms saw the car 4:30 o'clock. abandoned there at She said two white boys left the machine, and ran away. Indications were that an effort had been made to remove the license plates, and police believe that the fact the robbery was discovered at once led to the machine being abandoned.

The machine is the third stolen and recovered here recently. A front of the home of Rufus Mullen Saturday night, was recovered Sunday morning off the Wilmington Pike near Xenia. Several weeks ago an automobile belonging to Ralls Derrick was stolen from the street the license plates had been changed. at \$13.

Police also recovered an automobile belonging to John Mayer, 125 Main Street, Miamisburg, which was stolen in Dayton last week. It had been abandoned near the plant of the American Cigar Company West Second Street, and was turned over to the owner Saturday.

The office of the Greene County Lumber Company, North Detroit Street, burglarized several times recently, was entered again Wednesday night, but nothing was reported missing. A window was jimmied.

PERSONAL DAMAGE CASE IS STARTED

Testimony in the personal damage case of Horace Weaklin, against George Mason, started in Common Pleas Court Wednesday morning, was completed Thursday afternoon.

The jury was given the case before three o'clock. The plaintiff sued for \$5,000 alleging personal injuries sustained while employed on the construc tion of the East High School building The defendant was the brick contractor on the building.

Notice To Tax-Payers

Personal tax returns are due on or before May 1st. Listing day came on the 13th of May this year thus giving one week shorter time than usual for the making of a return. Each person over twenty-one years of age is required to list his property for taxes. If the return is made by May 1st, an exemption of \$100.00 is allowed. If the individual does not make his return the assessor of his district is required to make one for him, in which case no exemption is allowed and a penalty of fifty per cent may be added. The County Auditor's office will be open from 8 o'clock a. m. to 4:30 p. m., and will be glad to give information and assistance to any one making a return.

R.O. WEAD

Auditor of Greene County.

YORKTOWN PURCHASE URGED BY WEEKS

Secretary Weeks is sending to Congress a recommendation that the battlefield of Yorktown, famous in Revolutionary history as the scene of the surrender of Cornwallis, be set aside by the government as a national park. The recommendation is based on the report of a special committee named by the Secretary to investigate the proposal in response to a congressional resolution authorizing him to conduct the survey.

The report will ask for an appropriation of \$100,000 for the purpose of making surveys, posting markers and other expenditures of a more or less minor character. The government already owns a tract of ten acres at Yorktown, where the monument is located, this purchase having been made and the monument erected

more than a hundred years ago.

If the entire battlefield is to be included in the national park, Secretary Weeks says, it will be necessary to purchase approximately 1,100 acres of land, and of course a great deal of additional money will be necessary. The Secretary says that he favors the purchase of as much of the land as Congress will make an appro-

The battlefield of Yorktown, according to Secretary Weeks, is unique in that it is practically the only Revolutionary battlefield where the breastworks erected by the colonists and British may still be seen. Some of the breastworks were reconstructed at the time of the Civil War, but the original system of fortifications is sufficiently well preserved to enable one, with the aid of maps, to identify the positions of practically every unit engaged in the

LEAGUE SEES PLAN STABILIZING EUROPE

The impression exists in League of Nations circles that the successful launching of reparation plans, based on the reports of the experts, will lead to the early application by Germany for admission into the League of Nations, and that Germany will favor the League of Nations as the medium for handling any project calculated to provide political security for France and Belgium, and conversely, for Germany herself. Germany is expected to insist on a seat in the council of the League of Nations as a condition to her entrance into the League.

The whole tenor of the atmosphere in Geneva is that the proposals of the experts will go far to stabilize Europe and constitute a big step toward a return to normal conditions. The opinion is reiterated that some arrangement concerning interallied debts

would greatly hasten a return to normal.

An examination by League experts shows the Dawes Committee has incorporated in its report several features of the League's projects for the reconstruction of Austria and Hungary. A study of the annexes also shows the League would act as the arbitral body under the operation of the plan. Advisors of the eague deem the Dawes project fair and workable. They emphasize that the Dawes Committee has succeeded in finding a bridge between the divergent British and French positions. Great Britain originally contending for the fixing of the total amount of reparations and France holding out against this.

HAD BETTER BEEN BETTER EMPLOYED

A good deal of mystification was created by a recent statement purporting to have been cabled from London to the effect that the trustees of "The Benjamin Franklin Fund of London' had made an award of \$12,000 to the American author of a certain medical work. Inquiries immediately set on foot failed to reveal the existence of any such fund and now the Journal of the American Medical Association comes along with the announcement that the whole story was a fabrication, the origin of which was traced by the association's investigators to Los Angeles and to an individual whose sale excuse is that "he did it as a joke and to win a bet." The fake was so adroitly manipulated that it deceived many persons, and the story gained currency in England as well as in this country. Which only goes to illustrate the extreme caution with which unauthenticated yarns, especially those concerning medical subjects, must be taken.

And the music of the sea

More important then will be

Than the shine of yellow gold:

We shall learn the praise we sought.

And the goals for which we fought,

Were not really what we thought

Then we'll chuckle at our pride,

And we'll thrust our fame aside,

And we'll find our memories tied

To a few fond friends and true;

McClelland Neighborhood

Gage, Mrs. Ruth Fulkerson and Dor-

Bellbrook pike will arrive in Xenia

this week to spend the summer. Miss

McCall is a teacher in U. P. Mission

Mr. and Mrs. Vernon McCall of Rey-

noldsburg, O., will spend the week

School at Horse Creek, Tenn.

Then we'll talk of beauties flown

And the laughter we have known,

And the lasting joys we own,

Just as old men always do

In the strong brave days of old.

When the swift hard race is run And we face the setting sun, When the last grim fight is won And the goal is gained or lost, Then I fancy we shall turn Just to see and just to learn What it was we fought to earn And just what the struggle cost.

Then we'll chuckle at our pride And the joys we thrust aside, And the foolish things we tried In our wish for worldly praise; And the fancted slight which stings, Or the thrills which glory brings, Then will seem such trivial things, Near the closing of our days.

We shall count our gains and see Many a friend who used to be Who'd have loved us still had we But called him now and then; We shall know the real worth Of the gentler things of earth,

Of its beauty and its mirth,

And its fellowship with men

C. L. WEAVER

ZIEGFELD TO QUIT BILLBOARDS FOR NEWSPAPER SPACE

New York, April 17—Florenz Ziegfeld, proprietor and producer of the series of "Ziegfeld Follies," has announced that he had given up all forms of outdoor advertising and would concentrate upon newspapers. Mr. Ziegfeld's determination came after representations made by Mrs. W. L. Lawton of the National Committee for the Restriction of Outdoor Advertising, were investigated. It was found that this expensive form of advertising through billboards and electric signs scattered promiscuously around cities and along highways brought no regular traceable return, while advertising in newspaper columns was productive of a readily as-

certainable return. The Times Square electric sign advertising the "Follies" at an expense of \$50,000 a year, will be torn down immediately and this amount, together with \$75,000 from the 64 billboard contracts will be diverted to newspaper

HAMON AMBITIOUS FOR HIS SON SAYS

This was the explanation of the late this county.

Oklahoma oil man's political activity in and around the 1920 Republican convention, given the senate Teapot Dome committee today by Phil E. Baer, United States marshal for the Eastern district of Texas, a friend of Hamon. The committee questioned Baer concerning alleged deals at Chi-

FEAR SHORTAGE OF SCHOOL TEACHERS OVER THE STATE

State school officials are fearing a shortage of elementary teachers in the state for the coming year, and city and county superintendents are receiving communications from the state department, calling attention to the normal school entrance examination to be held over Ohio May 10.

High school seniors who expect to take the entrance test, are advised that the examination is not a fearsome thing, and deals mainly with English. Word received by C. A. Waltz, city superintendent of schools, says "those who plan to become teachers and fear the examination may find courage in the fact that a considerable number from their class expect to take it.'

The examination will last two and one-half hours, with morning and afternoon sessions. Examiners will be SENATE WITNESS sent to Greene County by the state department, and will come from some

state college. City Superintendent Waltz has been Washington, April 17—"Jake Hamon appointed by the state department to had no political aspirations for him- assist in the examination at Eaton, self, but he was very ambitious for Ohio, Preble County, and it is likely his son, Jake Jr. /He thought young that another local school official will Jake might be president some day." have charge of the examination in

American Beauties in Shirts and Neckwear to go along with the Lilies

On Easter morning when all these new Shirts and Neckties start out on Easter parade-feminine Millinery concoctions will have some competition!

Easter coming late, gave us the opportunity of getting the last word in Shirts and Ties-and we ordered as though Xenia had three times as many men and necks. Lots to see-we can't put them on paper but we do publish this-

No Easter of any year— and no city of this size has ever shown such varieties of Beauty in neck dress for men.

DAYTON STUDENTS ON WALKING TRIP

The Misses Martha Miller, Mildred Shafner, and Marion Brown, sophomore students of Stivers High School Dayton, spent an hour and a half in Xenia, Wednesday, enroute home, af ter a walking tour from Dayton to Wilmington, and return.

The trio, who chose the walking trip as a vacation from studies, arrived in Wilmington, at 10:45 o'clock Wednesday morning, starting from Dayton at 6 o'clock. With the exception of the time spent in Xenia, the young girls kept a continuous travel. They admitted in Wilmington that they had only traveled five of the thirty-six miles, receiving three"lifts" between Dayton and Xenia by motorists.

Vernon M. Riegel, state director of education, is entitled to nominate a high school graduate in the class of 1924 as a candidate for a scholarship in the Colorado School of Mines,

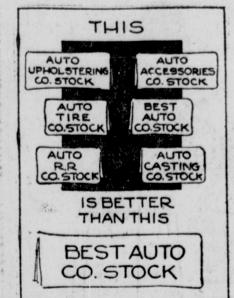

Golden Colorado, according to an announcement sent to H. C. Aultman, county superintendent of schools. The scholarship is good for four years from September 1, 1924 and

worth approximately \$250 annually. The candidate must have had one and one-half units of algebra, and one of citizens of Greene County appearand one-half units of geometry (plane, one; solid, one-half). Three units of specified. The elective units for ad-English and two of history are also mission should lie chiefly in the fields of science, language, and shop work or represent additional units of mathematics, English and social stu- ficient interest toward it. Marked proficiency in school work is a necessary attribute.

Any Greene County student interested should communicate with County Superintendent Aultman.

MONEY AT WORK

Brief but Important Lessons Finance, Markets Stocks, Bor and Investments

Many experts on investments advocated "buying into an industry" instead of just buying the securities of one company in that field.

If you believed that the automobile business was going to prosper in the next few years, what would be the safest way to invest in it?

The easiest way would be to choose securities in some of the best automobile companies. However, there is a more conservative way, called investing in the indus-

For instance, there are railroads which depend upon automobile shipments for the major part of their traffic. Certain equipment companies rely mainly on the automobible business. Other companies rich and pure—the sparkle and miss Ethel Rose, 422 E. Water St., deal in materials which ultimately find their way into the automobile.

Of course the automobile is the principal part of the industry, yet by distributing money over the rest of the industry you are not dependent upon the automobile business

other business too. At the same time if the automobile business does prosper they probably will too.

Greene Countians Who Have Achieved Distinction

(This is number 47 and the final installment of a series of biographies ing daily in this paper. Requests have been received by the management of The Gazette and The Republican to publish the full list in supplement form. This will be done and a four page section containing the complete series if there is suf-

The management requests that those interested in receiving the complete series drop a card to the Editor. The number of cards received will determine whether the supplement will be printed.

GIVES LECTURE ON YELLOWSTONE PARK AT KI-RO MEETING

The Xenia Kiwanis Club played host to members of the Rotary Club at a dinner and entertainment, at the Elks' Lodge Wednesday evening another of a series of joint meetings of the two clubs, held this winter.

Prof. Charles A. Payne, extension lecturer of the Nniversities of Minnesota, Kansas and Indiana, who is delivering a number of lectures on America under the auspices of the Northern Pacific Railroad presented a lecture on Yellowstone National Park, which was illustrated with lantern slides and moving pictures.

The wonders and beauty of the national preservation, were shown in a series of colored slides, that gave an excellent idea of the majestic scenery and wonders of the

Music, which was furnished by an orchestra composed of R. E. Dunkel Dr. A. B. Kester, and E. S. Davidson, was later supplemented by a Kiwanis orchestra, consisting of T. C. Long, J. D. Adair, S. M. McKay and E. L. Babb.

BIG GAINS MADE

Columbus, April 17.-According to an announcement by Fred T. Bristor of Mansfield, president of the Ohio Building Association league, Ohio building and loan associations have just taken first place in point of assets over the building and loan associations of other states. Ohio replaces Pennsylvania as the banner building and loan state in the country, with total assets in excess of \$700,000,000. Pennsylvania building and loan companies take second place, with assets of \$675,000,000, while New Jersey is third with assets of \$400,000,000.

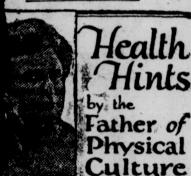

The Ohio institutions also went into first place in the number of depositors, borrowers and stockholders, these associations now serving 1,600,-000 people, as against 1,400,000 people served by the Pennsylvania institu-

Three years ago Ohio stood third on point of size of its building and loan companies, going into second place last year and into first place ring the last few weeks. During last three years, Ohio building loan associations have made a in in assets of \$200,000,000. During Ohio institutions loaned nearly 000,000 to prospective home buynd builders.

COAL MINE TO REOPEN

hens, O., April 17.-Men were The mine, which emout 300 men, has been idle

LLET INTO BRAIN April 1 .. - After pinning to enter until she had called bor, Fred Haucke, 68, fired

f the person afflicted with "nerves" into his body as food that which ill cause the "pigment ring" to disear-presto! the gloom is gone-

If you want to get well of "nerves" e is what you must do, and especial-

Quit sugar absolutely. Chew all food into cream beore swallowing (never mind if this

Quit all meat and eggs, absolutely.

an't new. Neither is the sun and the ain, but wheat does not refuse to w on that account). Eat three meals a day, but eat sparingly. Always quit while you

Try to be out of doors at least three

People have said to me when I mention diet, "Oh, I have tried that and it's no use." But never in a single instance have they complied with the above rules with absolutely no devia-

bove rules with absolutely no devia-tion for even sixty days!

Say you don't believe it. Go at it mad if you want to, but do it. Mother Nature will hammer you in shape and you can't help it. I don't know why some of us have to do these things. You see, a thing is either susceptible of proof or it isn't. This one is. You can get in "cheerful surroundings" and try that cure until the sun turns green, but unless you quit the things that are porsoning you, you can't get well and stay well. And if you have "lucid interval"-you may go down

A volume could be written on how great men have eaten and how it made them what they were. Cromwell was very spare eater; so was Luther. When Robert Burns was a poor plough boy and able to get only the coarsest food that tempted only a natural ap-petite, he wrote his immortal poems and songs. When the rich took him up and feasted him he was done. "Auld Lang Syne" did indeed come forth during that oray, but it was like

"Auld Lang Syne" did indeed come forth during that orgy, but it was like the blaze of a glorious sunset, for it was the last. Bad whiskey and bad gin (for it's all bad) did not ruin Burns' brain half as fast as big platters of greasy pheasants and brow

If you have never had nerves you don't need to get them. And if you have them, are you strong enough to cut out the meat, the eggs, the sugar, chew your food into a cream and get up from the table ungry?

OPERA AT COST IN CHICAGO HIT

Washington, April 17-Youth and a for high-school students, an innovation in the movement to make good music as popular as jazz with the coming generation of critics and patrons, received its world premiere

Chicago Civic Opera stars probably never sang to a more enthusiastic and appreciative audience than which filled the huge auditorium at the first performance. Nearly 4,000 students were there to hear "Hansel and Gretel" in English, the Humperdink opera, with whose score and story they were thoroughly familiar to judge by the appreciative silences and welltimed roars of ap-

were children of every class and many races, and it was quite apparent they enjoyed every minute of the performance.

The piece, taken from Grimm's well-known fairy tale, was staged and presented in a manner that the youngsters might well believe that the fabled characters had come to life before their eyes. The matinee was the first step of the Civic Opera Company to acquaint the children with opera in English as a foundation for knowledge of opera in gen-

Before they attended the performance the students had been given instruction in the story and music of the opera by their instructors in English and music, so they could

fairly understand and appreciate it. A second number in the plan originated by the Civic Opera Company was "The Snow Maiden."

"Opera at cost" is really opera at a loss, so far as the box office is concerned. The tickets were sold to the students at prices ranging from twenty-five cents to a dollar for a program entirely parallel to those for which the opera company asks, and gets, from \$2 to \$6 per seat and \$25 for boxes.

DRY COMMISSIONER STUDIES CHARGES

Washington, April 17 .- James E. Jones, acting prohibition commissioner, is studying the testimony of Cecil Kearns of Columbus before the Daugherty committee of the senate to determine whether State Prohibition Director Russell will be summoned to Washington because of the allegation that he had been "bought and paid for" by bootleg influences in

An examination of the permit divinothing unusual in the amount of liquor withdrawals in Ohio. Nobody drawn any liquor in Ohio, as was indicated by Kearns' testimony that 15,000 cases of Hayner whisky was withdrawn from the Troy warehouse. At no time as there a 15,000-case withdrawal in Ohio.'

Child-birth

W HEN the Little One arrives, you can have that moment more free from suffering than you have perhaps

imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa.,

This preparation for the removal of freckles is so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back-guarantee.

Hartman, Scranton, Pa., says:
"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Use "Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Use "Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Use "Mother's Friend' as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA-75, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend' is sold by all drug stores—everywhere.

WELVE HUNDRED PUPILS TO TAKE PART IN PROGRAM

Twelve hundred Xenia school pupils will take part in the annual "Know Your Schools" program, to be held at Central High School, Thursday and Friday, April 24 and 25.

A 'bigger and better program' than ever before attempted, is promised by Superintendent of Schools C. A. Waltz. Teachers are training the children in the events that will mark the occasion.

Pupils of McKinley, Spring Hill and Orient Hill schools will take part in the demonstrations Thursday evening. Children of each school will present a different program, including operettas, music, drills and other work. Six hundred children will take part each night. Pupils of Central Junior and Senfor High School will give their work in the auditorium and school gymnasium Friday night. Their work will feature the physical education side, including every type of physical education carried on here under the compulsory training law

One interesting feature of Friday night's program will be a drill by both boys and girls, wearing different colored caps. At the end of the drill, the marchers will form the word Xenia, each letter being in a different color. A twenty-piece junior high orchestra will also furnish music Friday night, including modern selections, and there will also be vocal selections.

Eight hundred tickets have been given school children, and parents and patrons are asked to obtain the tickets as soon as possible, so that school officials may determine if there is large enough demand to hold a matinee performance.

JAMESTOWN

ENTERTAINS MEMBERS

On Tuesday afternoon, Mrs. J. A. Breakfield was the hostess to the members of the Home Missionary Society of the M. E. Church. The occasion was the opening of the annual mite box of which the program was composed and was presided over by Mrs. Breakfield. Mrs J. H. Perry led the devotional service. A number of papers were read, "Publicity and the mite box," Mrs. Ray Cushwa: "The Troublesome mite box." Mrs. R. C. Zimmerman," "Mrs Canterfords mite box" Mrs. L. S. Farquhar; "Kolisa's Story," Mrs. Willis French: "Ovevr the Top" Mrs Ernest Thuma; Might of the mite box," Mrs. J. A. Barnes; a very pleasing solo enttitled "The Mite Box," was rendered by Mrs. Joseph Bennett; a song, "Our Task," was sung by the members, which with the opening of the boxes concluded the program

Move From Columbus

Jamestown friends of Mr. Frank Taft will be interested in knowing that he and his family are moving from Columbus to South Charleston, having bought the Taft homestead. Mr. Taft will superintend the Taft farm situated three miles southwest of Charleston. He was engaged in the grocery business in Jamestown for a number of years and is a relative of the prominent Taft family.

Mr. Alton Reitzel who is taking a course in Journalism, in a Chicago University, will spend the Easter vacation here with his mother, Mrs L. W. Reitzel.

Mrs. A. G. Carpenter has returned from Dayton, where she spent five weeks with her son-in-law and daughter, Dr. and Mrs. Harry Pen-

Does Your Back Ache?

Bad Backs Bring Suffering to Many Xenia Folks.

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness! Use Doan's Pills a stimulant diuretic to the kidneys. Doan's are recommended by Xenia

J. F. Mellage, shoemaker, 426 W. Second St., Xenia, says: "My back ached constantly and every time I stooped, I got a stab of pain through it and it was hard to straighten. Mornings I dreaded to get up, I was so stiff and lame. I had to get up several times at night to pass the kidney secretions. Doan's Pills cured the backache and my kidneys again became normal." 60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Mothers, Do This-

When the Children Cough, Rub Musterole on Throats and Chests No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt relief. It does not blister.

As first aid, Musterole is excellent.

Thousands of mothers know it. You should keep a jar ready for instant use. It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheu-matism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the

thest (it may prevent pneumonia). To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars

BRINGING UP FATHER

THE HALF-TIME WIFE By VIOLET DARE

WHO'S WHO IN THE STORY.

DUNCAN HALE, a young army officer, returns from the Philippines to find that

SUZANNE, with whom he is in friendly smile with his coffee. love, has married GEOFFREY ATWOOD, a prominent man much older than she.

III-"YOU BELONG TO ME."

morn i ng was an institution at Atwoods'. Their colored Was famous for waffles, bread corn and coffee, and every Sunday during the season Geof-

frey Atwood presided over which the city's a breakfast party at notables gathered.

Debutantes, their mothers and fathers; visiting dignitaries, everybody who was anybody, was delighted to be present. The diningroom, with cedar logs burning in its two great fireplaces, was crowded at eleven each Sunday, and Suzanne poured the coffee at the head of a ong table that ran the length of ther the room, and at which everyone

She was not surprised at Geoff's asking Duncan Hale to be present; he itell you." was quite likely to ask anyone who caught his fancy, which sometimes led to amusing situations. A power in the land, Geoffrey Atwood was a big enough man to do as he pleased, and one Sunday at his table hade been seated the man who had been seated an interview of the stranged an interview in the land one Sunday at his table hade been seated the man who had been seated an interview in the stranged an interview in the land stranged and interview in the land stranged and interview in the land stranged and interview in the land stranged in the land stranged

and one Sunday at his table had been seated the man who had been the center of one of the most sensational trials ever held in the state, and the judge who had tried him. The judge, be it added, had just happened in, knowing that he had a standing invitation. The other man had been specially invited.

Dressing that Sunday morning, Suzanne chose her dull blue frock carefully. She was eager to look her best; eager that Duncan Hale should not think her less attractive than he had in the old days, two years ago. But she was equally eager to show him that she meant what she had said about Geoffrey—that she would be true to her husband in every look and thought if that she would be true to her hus-me as I wouldn't beg you to that band in every look and thought, if day we quarrelled. MY DAUGHTER WOULD CRY

Nervous and Irritable. By Taking Lydia E. Pinkham's Vegetable Compound Became Entirely Normal

wish that every mother with growing girls would try it for these troubles girls often have. I had taken it myself before my girl was born, and she was one of the nicest babies any one could wish to have. I recommend the Vegetable Compound to women and girls and cannot praise it too highly."—Mrs. I. A. HOLFORD, Box 48, Clinton, Wisconsin.

Mothers can depend upon Lydia E. Pinkham's Vegetable Compound to relieve their daughters of those troubles they so often have. They know from experience the value of the Vegetable Compound in the treatment of these complaints and many, like Mrs. Holford, give it to their daughters.

The Truth

About this Light-Six—plus proof on proof

HIS Studebaker Light-Six is the supreme value in the "thousand-dollar" class.

It offers, not a few, but scores of advantages. In its chassis it represents the best that modern engineering knows. In its steels and quality of construction it is identical with · the costliest cars we build.

This is to offer you proofs. Then urge that you see it before paying \$1,000 or more for a car.

Some evidence

The extra values which this car typifies have made Studebaker the largest builder of quality

They have made these cars a sensation. Sales have almost trebled in three years. Last year 145,167 people paid \$201,-000,000 for Studebaker cars.

The multiplying demand has forced an investment of \$50,000,000 in model plants and equipment. Of this, \$38,-000,000 has been spent in the past five years, so the plants are up-to-date. The engineering department which designs

and superintends this Light-Six costs \$500,000 per year. The machines which build it are modern and exact. 517 operations on

inch. 122 operations are exact to one-half 1/1000th of an inch. 1,200 inspectors are employed to submit each car in the making to 32,000 inspections.

this car are exact to 1/1000th of an

Infinite care

The steels are selected from 35 formulas, each one proved best by

LIGHT.SIX

5-Passenger 112-in. W. B. 40 H. P.

The equipment is unusual. The cushions are of genuine leather, and are ten inches deep.

Every part and detail accords with.

Studebaker Light-Six

Scores of extra values

Built by the leader in the fine-car class. One of the

cars for which people last year paid \$201,000,000. Built in a model \$50,000,000 plant, producing 150,-

000 cars yearly. And saving you by quantity production from \$200 to \$400.

Built of the same steels, with the same care, as

The car that saved 11.4% in operating cost under

rivals. The car with 14 Timken bearings.

the costliest cars we make.

Studebaker traditions. And the name Studebaker has for 72 years stood for quality and class.

Mark this result Some men who operate fleets of

SPECIAL SIX 5-Passenger 119-in. W. B. 50 H. P. Roadster (2-Pass.) * * * * 1400 Coupe (5-Pass.) 1895 Sedan 1985

years of test for its purpose. On some we pay the makers 15% premium to get them exactly right.

The crankshafts are machined on all surfaces, as was done in the Liberty Airplane Motors. This to give perfect motor balance, at an extra cost to us of \$600,000 yearly.

It has more Timken bearings than any other competitive car within \$1,500 of its price.

\$1045

cars in this class called in auditors to compare the operating costs. They made comparisons on 329 cars, running up to 25,000 miles.

It was found that this Studebaker Light-Six cost for operation 11.4% less than the average of its rivals. This figure included depreciation. That meant \$207.50 saved on 25,000 miles. All because of this quality construction,

What it saves you

We build 150,000 cars yearly. All such major costs as engineering, dies, overhead, etc., are divided by 150,000,

We build in model plants, with modern machinery, which have immensely reduced the manufacturing costs. A car like this, built

under ordinary conditions, would cost you from \$200 to \$400 more. Learn, for your own

sake, what that means to you,

Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance: It will enable you to look at any

car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free-clip the coupon
